

Unveiled

LIFE GROUP NOTES

For the week of April 26th, 2026

1. Share what stood out to you from the service this past Sunday (Passage, verse, point, illustration...).
2. From Revelation 13:1-2, what does the description of this beast represent and what can we learn about it from these characteristics?
3. Discuss why the world followed this beast and gave it their allegiance.
4. From Revelation 13:8, what is the “book of life of the Lamb” and who are those that have their name written inside? What is the result of not having one’s name written in this book?
5. Read Revelation 13:11-18. What was the purpose and role of the second beast?

Final Thought: Even in the midst of such destructive forces present in the world today, there is nothing more powerful than the Spirit of God that resides in the believer. God is sovereign, and divinely protects His people, not matter the opposition that we face! Take a moment and encourage each other with these thoughts and thank God for His goodness!
